

Capture Sutton for The King: **Then**, **Now** & **Next**

Supported using public funding by
**ARTS COUNCIL
ENGLAND**

The London Borough of Sutton needs you...

... to help us document what Sutton is like at the time of **The Coronation of His Majesty The King and Her Majesty The Queen Consort.**

We would like you to think about the Borough, your area and your school:

Then

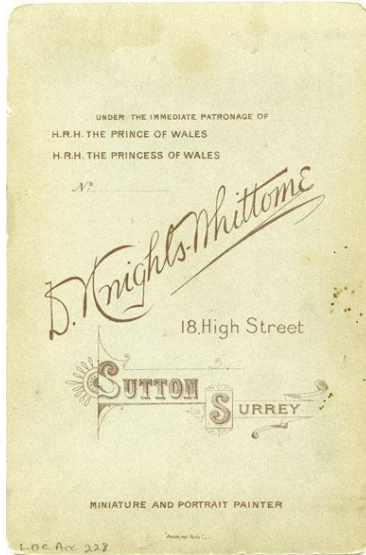

Now

Next

Do you recognise this street?

We're going to be thinking about what Sutton was like in the past, what it is like now and what it could be like in the future.

18 High St, Sutton, 1908
David Knights-Whittome
Photographer to the King

ENGLAND**

Then

**A classroom at St Philomena's
Catholic High School for Girls, 1908**

Beddington Infants' School

STANLEY PARK AND SCHOOL, CARSHALTON BEECHES

Then

Cheam
School
Concert

Programme

December 11th
1929

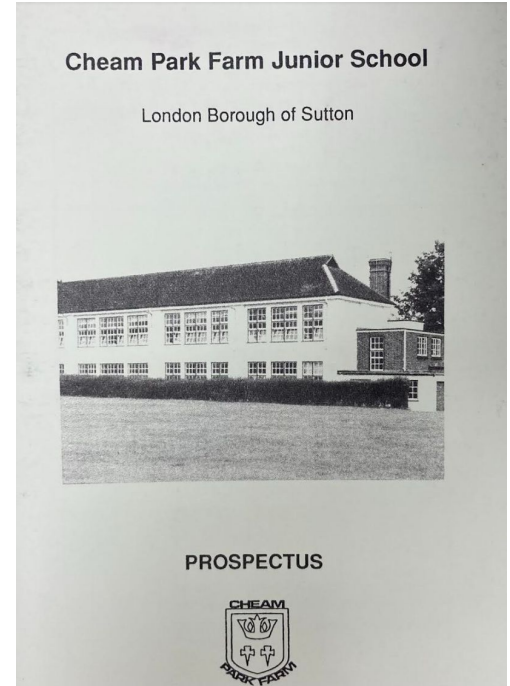

**Cheam School Concert
Programme, 1929**

**Bandon Hill Primary
School Prospectus,
1991/1992**

Supported using public funding by
**ARTS COUNCIL
ENGLAND**

**Cheam Park Farm Junior
School Prospectus,
1994/1995**

Then

Let's think about Sutton and about your school 100 years ago.

What shops were on the high street?

What did the houses look like?

What clothes did people wear?

What equipment was used in the classroom?

Supported using public funding by
**ARTS COUNCIL
ENGLAND**

Now

Wallington Library

Sutton High Street

Cheam High Street

Now

Let's think about Sutton and about your school now.

What shops are on the high street?

What do the houses look like?

What clothes do people wear?

What equipment is used in the classroom?

How has Sutton become more diverse than it was 100 years ago?

Supported using public funding by
**ARTS COUNCIL
ENGLAND**

Next

Let's think about Sutton and about your school 50 years in the future.

King Charles III is a passionate Environmentalist and “Sustainability” is one of the themes of The Coronation. How can you apply this to your thinking?

What shops will be on the high street?

What will the houses look like?

What clothes will people wear?

What equipment will be used in the classroom?

Task 1: Now

Video resource

Sutton Archives

We want you to contribute to Sutton's historical archives, by capturing photographs of your school and your area between March and May 2023, in the lead up to The Coronation of His Majesty The King and Her Majesty The Queen Consort. You could also take photos of how your school is celebrating The Coronation (school work, decorations, displays etc.)

Many of these photographs will be featured in an exhibition called ***Capture Sutton for the King: Then, Now and Next*** in **The Gallery at Sutton Central Library, 4th May - 11th May 2023.**

They will also become part of Sutton's Archives, at Sutton Central Library, which you can visit anytime.

ENGLAND**

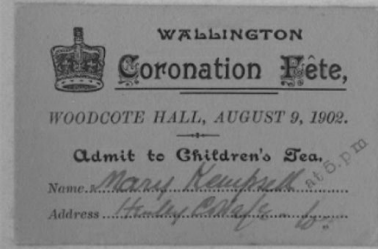

Sutton's Celebrations: The Coronation of Queen Elizabeth II, 1953

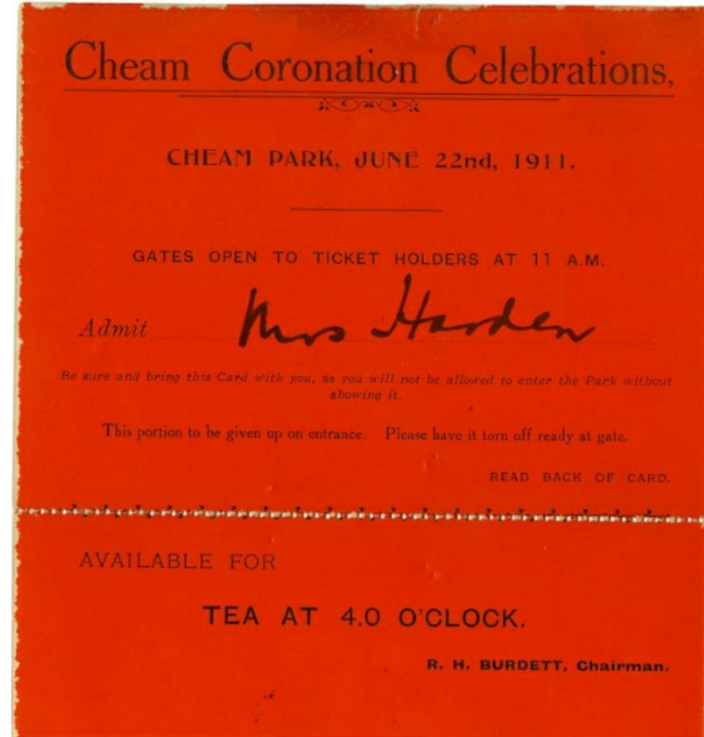

Celebrations in Wallington for the Coronation of King Edward VII, 1902

Celebrations in Cheam for the Coronation of King George V, 1911

Task 2: Next

We want you to design a **sustainable school of the future**.

Please consider:

What changes could you make to everyday school life, that are better for the environment?

What lessons could be taught, to ensure pupils are knowledgeable about the environment?

What technology could you use or invent, to ensure you are wasting less and being more sustainable at school?

What positive changes could be made to your playground and outdoor space, your classroom, your school hall and your lunchtime food choices?

Supported using public funding by
**ARTS COUNCIL
ENGLAND**

Task 2: Next

We want you to design a **sustainable school of the future**.

Please consider:

What sustainable energy sources could power your school?

How could you use less energy by learning outside of the classroom?

How could you encourage biodiversity in your school grounds?

Think about:

- Protecting wildlife
- Using less to reduce waste
- Planting trees and plants
 - Composting

Task 2: Next

You could carry out this task

As a class or year group

As individuals

As a school or Key Stage

As a small STEAM group or club

Supported using public funding by
**ARTS COUNCIL
ENGLAND**

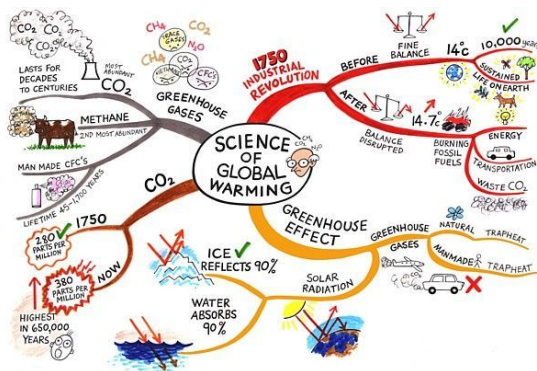

Task 2: Next

You could present this work

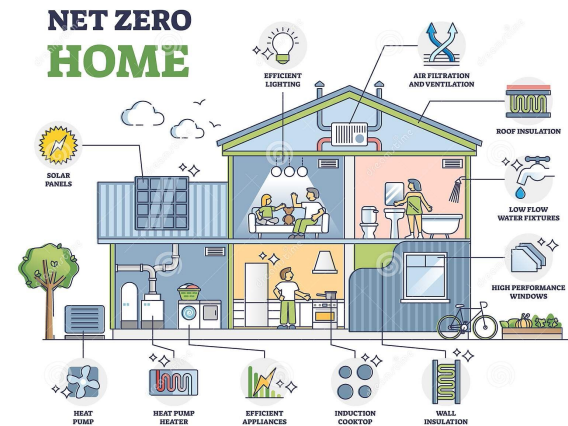

As a model box/diorama

As an illustrated mind map of ideas

Or however you would like... get creative!

As a drawing or diagram

Digitally, on a programme like Minecraft Education, LEGO Digital Designer, SketchUp or Tinkercad

Exhibition & Prize

Your output from **Tasks 1 & 2** must be submitted to Claudia Lander, Library Development Officer by **Tuesday 2nd May 2023**.

Photos and designs will be featured in an exhibition, ***Capture Sutton for the King: Then, Now and Next***, in **The Gallery at Sutton Central Library, 4th May - 11th May 2023**. School groups and individuals will be able to visit the exhibition during this time.

There will be a prize for both the **best photograph** and the **best design for a school of the future**. The winning entries will receive a **free cyanotype photography workshop for their school**, along with **£100 to spend on STEAM materials for the school**.
