# Selection tests, aptitude assessments and supplementary forms

Some schools will require your child to sit tests or be assessed for all or some of their places.

These tests or assessments take place in the early part of the autumn term. Results are issued before the closing date for applications so that you know if your child is eligible for consideration and the school can be named on your application.

Registration is normally done online through the school website or a supplementary form available directly from the school.

The table below gives both the dates by which you must register for these tests as well as the test dates. If you are considering [schools outside of Sutton](#), you should contact them to obtain further details:
