Help with completing your application for a scrap metal dealer's licence

Section 1

This section asks if you are applying for a collector's licence or a site licence. You may only apply for one type of licence in the council area, but you can apply to run multiple sites. For instance, you could apply to run 3 sites in the London borough of Sutton and also apply to be a collector with Croydon council.

A **site licence** lets you buy and sell scrap metal from a fixed location within the council area.

A **collector's licence** allows you to travel within the council area to collect scrap metal.

Section 2

If you are registered with companies house you must provide the registration number. If you are a registered waste carrier you must also supply the registration number.

Section 3 (and annex B)

This section should be filled out in the name of the person / partners or company who will hold the scrap metal dealer's licence. As well as details about you and your business, we will also need details of any directors or partners involved in the business including their home address. We also need to know the address of the site or sites you want the licence for, as well as the details of each site manager responsible for that site including their home address. These details are required by law to facilitate checks on the applicant or so that you can be contacted if there are any problems.

You and every person listed on the application form needs to submit a Basic Disclosure Certificate from Disclosure Scotland. You can apply for this certificate at <http://www.disclosurescotland.co.uk/apply/individuals/>

This is because the Home Office has decided that you and any person listed on the application need to tell the council if you have been convicted of certain crimes. Possessing a conviction may not automatically prevent you from having a licence if the offence was unrelated to being a scrap metal dealer or a long time ago, and you can convince the council that you are a suitable person.

A Basic Disclosure Certificate is considered to be only valid for a limited time, but can be used to apply to as many councils as you want within that time. Typically, three months is the longest that you can expect your check to be considered valid.

A **site manager** is the person who will be in charge of the site on a daily basis.

A **director** or **partner** is someone who has or shares legal responsibility for the operation of the company, including filing returns at Companies House.

Section 4

This section asks you to set out any relevant convictions or enforcement activity that has been undertaken against you by the Environment Agency or Natural Resources Wales. It is an offence under the Scrap Metal Dealers Act 2013 to make or recklessly make a false statement. The information listed here will be checked against the Basic Disclosure Certificate from Disclosure Scotland that you are required to submit with the application, along with information retained by the police and the Environment Agency or Natural Resources Wales

Section 5

You will need to list all the sites you operate the scrap metal business from in annex A.

If your site(s) were established after 1990, then you are required to have planning permission from the council. You will need to tell us if this is the case, and it will be checked with the council planning department

Section 6

You will need to indicate how many vehicles you intend to operate and where they are stored when not in use. You will need to ensure that all your vehicles are roadworthy and are properly taxed, insured and otherwise meet the legal requirements to be on the road

Section 7

In order to carry on your business you may need to hold other environmental permits or licences that we should know about. Please make sure you include the licence number so that we can check this against the national register

Section 8

This section is specifically for any changes you may need to make to your licence once it has been granted. You will need to indicate what you are requesting to be changed and fill in the relevant section/s of the form. For example if you need to change a site manager you should state this in the box and provide the new details in annex A and provide a Basic disclosure for the new site manager.

Section 9

This section asks you for the bank details which you will use to pay people for the scrap metal you receive or sell. This is to check that you are not selling the metal for cash, which is illegal. These details will be kept securely by the council.

Section 10

There is an application fee to apply for a 3 year which you can pay for online at <https://www.sutton.gov.uk/index.aspx?articleid=12091> or telephone 020 8770 5070. You will be provided a payment reference number which you must enter on the form. You may pay by cheque but cash is not accepted.

Applications cannot be accepted unless the correct fee has been paid.

Section 11

The person who will hold the scrap metal dealer's licence needs to sign and date the declaration, as do the other people named on the form. This section also explains that the council has to share some of these details with the police, Environment Agency, or Natural Resources Wales when checking whether the applicant(s) is a suitable person to hold a licence. Some of the information will also be displayed on a public register

If you need more help in completing this application then please log a call with the Councils contact centre on 0208770 5070 and a member of the licensing team will call you back, or you can email licensing@sutton.gov.uk.
