    - between Nos. 8 and 10
    - between Nos. 16 and 20
  - (b) add residents permit and visitor voucher parking places to ‘Zone A’, in which vehicles in respect of which a valid permit has been granted would be able to park between 8am and 6.30pm on Monday to Saturday
    - outside Nos. 2 to 4

3. Permit charges for the new residents permit holders parking places referred to in item 2(b), preceding would be as follows:-
  - (a) the charge for **residents parking permits** would depend on the permit group, set by the Council based on the CO<sub>2</sub> emissions of the vehicle for which the permit is issued (see the **Schedule** to this Notice) allocated to the vehicle for which the permit is issued, as set out in the following table –

Permit Group (see Schedule)	Standard Charge (per year)
1	£40
2	£55
3	£80
4	£110
5	£150

Additional residents permits may be issued at the standard charge shown above, plus a surcharge of £25 for a second permit and £50 for a third, in respect of a household. Where the CO<sub>2</sub> emissions of a vehicle are not known due to the vehicle's age or similar, permit group 3 charges would apply. Wholly electric vehicles (EV's) would be exempt from any charge. A maximum of 3 resident's permits would be issued in respect of any household at any one time.

- (b) **residents visitors vouchers** would be available free of charge to residents up to a maximum of 50 hours per household in any one year. Additional hours thereafter may be purchased at a charge of £61 per 100 hours.
  - (c) **carer permits** for essential care visits would be available at the following charges: (A) £35 per year for an individual permit, which allows a carer to park in any permit holders parking place; or (B) £50 per year for each organisational permit, which allows an organisation to park in any permit holder's parking place for up to 3 hours maximum per day.
  - (d) **child care permits** which allow a person providing child care to park in any permit holders parking place specific to the relevant permit parking area for which it is issued would be available at a charge of £35 per year.
  - (e) There would be a £25 administrative charge for any alteration to a permit.

Limited time waiting bays are introduced near local shops to provide a fair system of parking prioritising local residents and non-residential / commuter parking during specific times.

Footway parking bays have been proposed in specific locations to help aid access.

Loading bays are proposed to facilitate local shops or industrial businesses providing a specific location to load / unload their goods.

Disabled parking bays have been proposed in locations such as Churches and local attractors to better facilitate blue badge holders.

A Solo Motorcycle bay has been proposed near a motorcycle training centre to better facilitate this business.
