

Statement of Representation Procedure

Consultation on Proposed Main Modifications to the South London Waste Plan 2022 to 2037

Closing Date 2 September 2022

Since January 2021, the South London Waste Plan, jointly prepared with Croydon, Kingston, Merton and Sutton, has been under examination by two Government-appointed Planning Inspectors. Examination hearings took place in September 2021. Following the Hearing Sessions, the Planning Inspectors have identified a number of Main Modifications to the Draft Plan and the Councils are now inviting representations on these modifications.

These are changes that they consider are required to make the Plan sound in the light of issues identified during the examination. This is without prejudice to the Inspector's ultimate conclusions and recommendations on the Plan.

Statement of Representations Procedure

The consultation will run from 14 July to 2 September 2022. The consultation only concerns the Main Modifications to the plan recommended by the Inspector. A list of documents that are published as part of this consultation are set out below:

- Sustainability Appraisal and EqIA on the Main Modifications
- Changes to the Policies Map

The Council's are also publishing a Schedule of Additional Modifications but these are some factual, minor or inconsequential changes and are not for consultation, but have been published for completeness.
