

Sponsored Bench Scheme

Sutton like many other boroughs offers a service where members of the public can purchase a bench to be sited in one of the Boroughs Parks

There are currently two types of seats that are acceptable in the borough

Barfleur Seat (Iroko) 1.8m

The Barfleur seat is currently located in the following parks only:

Oaks Parks
Carshalton War Memorial

Both sites are currently full

Evergreen Seat 1.8m

- 5 Forest Saver Boards
- Heavy duty cast iron frames with arms (IN BLACK OR GREEN TO MATCH EXISTING)
- Anti-vandal fittings
- Steel centre support
- Vyflex colour coated
- Rootfast® anchorage

In an effort to provide uniformity, and to withstand vandalism, only the Evergreen Seat will be considered when dealing with requests in all other parks.

The current sites are now full:
The Grove Park

Additional information

We no longer provide a plaque or bench engraving service. We can however, arrange for the contractor to affix a plaque to the top rail of the bench at the time of installation, which is included in the price stated below.

Please note once the bench has been installed, it becomes the property of the London Borough of Sutton. However, we are not liable for the maintenance or replacement of damaged memorial benches.

Often benches are requested in order to remember a loved one. It is important to bear in mind that it is a park bench and it will not be permitted for the subsequent fixing of objects to the bench or planting of flowers/shrubs and the scattering of ashes is not permitted in public parks.

Please Contact the Parks Team on 0208 770 5070 should you wish to find out more information about purchasing a memorial bench.
