Each step out of lockdown will be based on continued analysis of the success of each stage based on safety measures. They are subject to change. Please check current guidance at [sutton.gov.uk/covid19](https://www.sutton.gov.uk/covid19).

It is crucial that we carry on following the guidelines and working together, for example remembering **'hands, face, space, fresh air'**. Complying with the COVID-Secure measures that remain in place. Meeting outdoors when we can and keep letting fresh air in.

We can all help by getting tested when needed and vaccinated when it is our turn.

**If we all continue to play our part, we will be that bit closer to a life that is more familiar.**

- People who are clinically extremely vulnerable
