COVID-19 TESTING

**Everyone in Sutton can now
get free rapid Covid-19 tests.**

Around 1 in 3 people who have Covid-19 have no symptoms and could be spreading the virus without knowing it.

Rapid tests show results within 30-40 minutes. They are one of the key tools we have to protect our loved ones, reduce the spread and ensure we can take the steps out of lockdown safely.

GOT SYMPTOMS?

For a test, visit
nhs.uk/coronavirus
or call 119.

NO SYMPTOMS?

Visit [sutton.gov.uk/
communitytesting](https://sutton.gov.uk/communitytesting)
to book your rapid test.

Protect your friends and family

Free rapid testing is now available to all Sutton residents with no symptoms.

1 in 3 people with COVID-19 will have no symptoms and can spread the virus without realising.

WHETHER OR NOT YOU HAVE SYMPTOMS, GETTING TESTED WILL HELP US STOP THE SPREAD OF COVID-19.

People who don't have any COVID-19 symptoms can now book a rapid (lateral flow) test at several local pharmacies. The test gives you a result in 30-40 minutes. Please make use of these, especially if you are unable to work from home, to help reduce the spread of the virus.

These tests can only look for the virus **at the time you have your test**. Even if you test negative, you must continue to observe the COVID-19 national guidelines.

If you **DO NOT** have symptoms you should book your test at sutton.gov.uk/communitytesting

If you **have symptoms** you should book a test by visiting nhs.uk/coronavirus or calling **119**.

Getting your rapid test kits

All Sutton residents can now either collect a home testing kit from select local pharmacies, or order them directly from the gov.uk website. These tests will help us to reduce the spread by identifying people without symptoms early.

From local pharmacies

You can collect up to 2 packs of 7 tests from several local pharmacies or Sutton libraries. To find your nearest available location, visit: maps.test-and-trace.nhs.uk

Deliver to your door

Rapid tests can also be delivered. You can order one pack per household each day. Visit: gov.uk/order-coronavirus-rapid-lateral-flow-tests
